### Founder Words

"RugHub is more than just a platform; it's a movement. We're here to clean up the crypto space, one scam at a time. Thanks for being part of the journey!"

# What is RugHub?

RugHub is your go-to community for exposing crypto scams and rug pulls on the Solana blockchain.

## “What is a rug pull?”

When the dev(s) removes all liquidity from the market or if they sell massive amounts of token crashing the price leaving you holding the bag.

**“Join the revolution: where rug pulls meet their end,  
and the crypto community stands strong.”**

Our goal is simple: protect the meme coin community by shining a light on fraudulent projects. We're powered by community submissions, data mining and AI moderation, making the crypto world a safer place for everyone.

## MISSION

Protect the meme coin community from scams and rug pulls by providing a platform for exposure and accountability.

## VALUES

Transparency, community-driven efforts, and fun while fighting scams.

# The Problem

**“Fool me once, shame on –  
shame on you. Fool me – you  
can’t get fooled again”**

- George W. Bush

## THE PROBLEM

Rug pulls and crypto scams are rampant, costing investors millions. These scams damage trust and make the crypto space risky.

- ✔ Rug pulls and crypto scams are widespread, causing significant losses.
- ✔ Shady developers often escape without consequences.
- ✔ These scams erode trust in the crypto community

## SOLVE

By connecting scam projects to developers, we create a safer environment for meme coin enthusiasts.

-  **Community Contributions**  
RugMeisters upload their findings, earn rewards in \$RugHub!
-  **RugHub RugChecker**  
Instantly verify projects and avoid scams.

 **“We’ll be the first to have a database on known scammer wallets and we’ll make it open to all RugMeisters”**

# Tokenomics

**“IT IS ONLY WHEN YOU OPEN YOUR VEINS AND BLEED ONTO THE PAGE A LITTLE THAT YOU ESTABLISH CONTACT WITH YOUR READER.”**

At RugHub, our tokenomics are designed to foster a strong, engaged community while ensuring the longevity and growth of our project. Here's a detailed breakdown of how \$RugHub tokens are allocated and the benefits they provide to our RugMeisters.

**Total Supply:**  
**1,000,000,000 \$RugHub**

**Pre-Sale: 20%**

**Marketing: 5%**

**Developer: 5%**

**Rewards Pool: 20%**

**Liquidity Pool: 50%**

Our token allocation is designed to fuel early adoption, drive growth, and ensure the continuous improvement of RugHub. The pre-sale, which accounts for 20% of the total supply, helps kick-start our ecosystem, while 5% is dedicated to marketing efforts to attract more RugMeisters. Another 5% is reserved for ongoing development, ensuring our platform and tools remain cutting-edge.

We have set aside 20% of the tokens in a rewards pool to incentivize community engagement and contributions. The largest portion, 50%, is allocated to the liquidity pool to ensure stability and smooth transactions within the RugHub ecosystem. This structure supports a robust, active community and the long-term sustainability of RugHub.

# Tokenomics Cont'd

At RugHub, transparency and security are our top priorities. We are committed to burning the liquidity pool to ensure stability and disabling minting to prevent inflation. All developer and marketing transactions will be posted on our pages, detailing the purpose of each transaction.

## 01

### Pre-Sale & Launch

Our pre-sale phase is crucial for building an initial base of dedicated RugMeisters. Early adopters benefit from lower prices and exclusive perks, while their contributions help lay a solid foundation for RugHub's growth.

## 02

### Marketing & Growth

We allocate 5% of our tokens to marketing efforts, ensuring that RugHub reaches a broad audience. From social media campaigns to partnerships, these funds help us grow our community and amplify our message.

## 03

### Development & Innovation

With 5% of the tokens reserved for development, we ensure that RugHub remains at the forefront of innovation. This allocation supports ongoing improvements, new feature rollouts, and the maintenance of our cutting-edge tools like RugChecker.

## 04

### Rewards & Incentives

The Rewards Pool is a key component of our tokenomics. By dedicating 20% of the total supply to rewards, we incentivize community engagement and active participation. Whether you're uncovering scams, creating

## 05

### Liquidity and Stability

Half of our total token supply is allocated to the Liquidity Pool. This significant allocation ensures that transactions within the RugHub ecosystem are smooth and stable, providing a reliable trading environment for all RugMeisters.
